Cathy –

Thanks again for the time Friday to discuss the Kent County sampling issue. We greatly appreciate your continued collaboration with Michigan on our PFAS contamination sites.

Attached is a letter outlining the details of recent sampling and a proposed joint path forward.

I also understand we are trying to set up a technical meeting for next week in Chicago. It would be great if that works out.

I look forward to seeing you in St. Paul, if not before. As always, give me a call if we need to discuss anything.

Regards,

Heidi
